

Courtney Offet's Platform for Vice President Finance 2018-2019

My name is Courtney Offet and I am hoping to become the Vice President Finance for the upcoming school year. I currently hold this position and I was Vice President Student Affairs for the 2016-2017 year. I have learned a lot with being involved with the SESS. I am very eager to have this opportunity to take on the take on the position of Vice President Finance yet again. I wasn't able to do everything I wanted to do this year so I would like to continue my work with the position for another year.

This year I made a cash-out process, re-modelled the store and the store finances, re-organized many aspects that have been neglected, and so much more. There's still a lot I've been meaning to do but haven't gotten around to because there's just not enough time to do everything.

First off, there's no way to currently track the locker payment and reimbursement system so I'd like to create something over the summer to be used for next year.

Second, I'd also like to keep trying to get cheques that we can print straight from the computer from Quicken. I've tried working with our bank and quicken on this matter and I haven't been able to find someone that can give me an answer on this matter. I'm not sure if we would have to switch banks to fix this but this is something I would continue to look into.

Third, I would update our Quicken so that we can use a more updated version than 2009. This can be a very tedious process so it's something that needs to be done over the summer.

Lastly, I would continue to organize and modify the finances so that they are easier to manage than they have been in the past. With everything I've learned this year, I would start on a strong note and be able to do a lot of work over the summer that will benefit the school year.

Thank you for reading my platform and I hope I have your vote in the upcoming election.
