

Jay Shah & Parker Campbell, VP – Corporate Relations Platform

On March 7 – 11, Jay Shah and Parker Campbell are counting on your votes for the position of VP – Corporate Relations for the Saskatoon Engineering Students' Society (SESS). As co-VP-CR, their main goal will be to work on increasing connections and ties with companies, increase sponsorship, and provide a better engineering experience for all students.

Working to build connections with companies is one of the key objectives of this position. Jay and Parker will strive to build upon pre-existing networks and build new ones both within Saskatchewan, and nationwide. In particular, they will pursue boosting relations with multinational engineering corporations in order to increase sponsorship and network opportunities for students. In addition to this, they will maintain relations with other professional societies (i.e. Saskatoon Engineering Society – SES).

Jay and Parker will build upon current and past charity events in order to give back to the community in all the ways it deserves. They will work to create more opportunities for the undergraduate students in engineering to meet and talk with the very corporations that will be employing them (i.e. open houses, hosted by said corporations, career fairs, etc.).

If elected, Jay Shah and Parker Campbell will work for the engineering students to ensure that next year is one to remember!

Increased Sponsorship, Increased Connections, Better University!
