OCTOBER 2<sup>ND</sup>

## President's Message

Happy Halloween Month everybody, who's ready to get spooky? I know I sure am. We've got a pretty slow week coming up but still a couple things to note:

### VP Administration By-election

Voting for the VP Admin by-election will close at 4:30pm on Tuesday. If you haven't yet, go out and vote. Voting is done through the voting tab on PAWS.

### Blades Night

On Friday October 6<sup>th</sup> the Saskatoon Blades are hosting a Blades night Tickets are \$15 and are available in the SESS office. This price includes bussing to the game from Outlaws, and back to Outlaws afterwards. As an additional incentive, the guys from Letterkenny will be coming out and there will be a signed jersey give away during the night.

Now my first bad Halloween joke:

Q: What room does a ghost not need?

A: A living room.

Robert Ashton  
SESS President

 \$2.50/Slice  
 \$5.00/2 slices + pop  
 Every Thurs!!  
 Outside 2C02

**EAT THE ORIGINAL.  
CHES PEROGIES.  
NEVER A COPY**

Poofie/ arm bar/ discipline jacket order forms are due October 15th! Come to the Office to order yours today!

# Conference on Diversity in Engineering

The Conference on Diversity in Engineering (CDE) is a three day, national conference that focuses on building a more inclusive engineering industry and education throughout Canada. CDE 2017 aims to bring together a diverse network of engineering students and professionals from across the country to create a conversation about diversity in engineering. Delegates will leave CDE with knowledge equipping them to thrive in the engineering industry in the face of barriers, and to challenge the issues facing diverse individuals in the engineering profession.

At CDE, students and speakers will have the opportunity to share their successes and challenges in creating a more inclusive engineering community, and how embracing diversity better helps us as engineers address the complex problems of society.

In 2017, the third annual CDE will take place at McMaster University in Hamilton, Ontario from November 10th -12th both in the downtown core and at the university.

CDE is presented by the Canadian Federation of Engineering Students (CFES), a bilingual national federation that promotes growth and communication for Canadian engineering schools. The CFES members consist of 51

engineering student societies from Ontario, Quebec, Atlantic and Western Canada. The federation aims to ensure the free exchange of ideas between engineering schools, and to solicit and organize opportunities to improve the intellectual, cultural, academic, social and economic well-being of engineering students across the nation.

CDE will support the goals of the Federation by allowing engineering students to network and better understand the issues pertaining to diversity in engineering, while inspiring leadership and participation in the engineering community.

Applications are now available in the SESS office and on our Facebook Page! For more information please contact Noah Hladun, Vice President External Affairs at [vp.external@sess.usask.ca](mailto:vp.external@sess.usask.ca)
