OCTOBER 22<sup>TH</sup>

2018

## President's Message

Hello SESS members,

I hope you're all recovering from Toga better than I am and aren't too needing of the November break yet. This week we have a few opportunities to get involved with the engineering community!

### Saskatoon Engineering Competition Registration

Registration for the Saskatoon Engineering Competition (SEC) is due today! The winners of the Saskatoon Engineering Competition are sent to the Western Engineering Competition (WEC) in January. Stop by the office to register; competitions are Saturday, October 27th.

### SESS Council Meeting

The SESS Council meeting is open to all students and all SESS members have voting rights. This month's meeting is Tuesday, October 23rd at 5:30 pm in ENG 2B53. This council, there will be updates from the SESS Executive, USSU Members of Student Council, and approval of the annual budget.

### First Year Bowling

First year bowling tickets are now available and the event will be happening on Saturday October 27th! Although this is a first-year event, absolutely everyone is welcome and encouraged to attend. Come get spooky, bowl, play pool, and enjoy some drinks (if you're 19+ of course).

That's all from me this week. I hope you're all making it through midterms. Remember, if you all fail it really means you all passed. Good luck with the rest of midterms.

Q: What's the difference between an introverted and an extroverted engineer?

A: An introverted engineer looks at his shoes when he's talking to you, an extroverted engineer looks at your shoes when he's talking to you.

Kind Regards,

Shanleigh McKeown  
SESS President
