OCTOBER 9TH

2018

President's Message

Hello everyone,

Welcome back from the long weekend! I hope you all had an amazing time spent with friends & family. I am just getting back from Kelowna with our VP External, Logan Hunter, and 2 other delegates from the Western Engineering Student Societies Team Annual General Meeting & Retreat (WESST AGMR). So once again, if any of you see Logan or the other delegates...bring them coffee.

This week, the SESS is event free, but we have some awesome opportunities coming up soon!

SEC Registration

The Saskatoon Engineering Competition is Saturday, October 27th and registration is now available! This year, there are 8 competitions you can compete in; programming, senior design, junior design, innovative design, debate, communications, consulting, and re-engineering. If you have any questions about the competitions or rules please email our VP External, Logan Hunter, at vp.external@sess.usask.ca or stop by the office to speak to one of the executives!

WESST Election Results

WESST AGMR this past weekend is home to the WESST Executive elections and the executive for the 2019/20 year have been elected. The winners of the positions are;

President: Your very own SESS President Shanleigh McKeown (that's me!). I'm incredibly excited about this opportunity and look forward to representing you all outside of the college on a national level next year.

VP Services: Sam Wells from UBC-Okanagan.

VP Finance & Administration: This position is currently unfilled and by-elections will be held at the next WESST Admin Council Meeting in October.

If you have any questions regarding WESST elections or are wanting to run in the VPFA by-elections, please contact Logan Hunter at vp.external@sess.usask.ca.

That's all from me for this week folks; I hope your recovery from your holiday food comas are coming along nicely.

Q: What do you call a computer that sings?

A: A-Dell

Kind Regards,

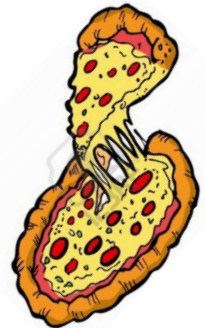

Shanleigh McKeown
SESS President
