PRESIDENT'S MESSAGE

Hey everyone!

I hope you all had a great time at Fire and Ice, I know I did! This week see's some more events going on, so get your studying done early so you can attend.

March 14th has **Mech Chem Curling**. Pay \$20 for just Curling, \$15 for just the bxxr night, or pay \$30 and do both (hopefully at the same time!). Check out inside for more details.

The First-Year Council (remember those keeners from first year that would give announcement in GE101 and GE121?) is hosting **Lazer Tag** on Wednesday! Be sure to get some tickets and some green clothes for St. Pattie's Day. Tickets are \$20 for SESS Members and \$25 for non-members. Bring Student ID, indoor shoes, and green clothes.

It's that time of year again, where the pie's are flying and the donations are soaring! **Pi-Throw 2020** is upon us, and it's all for a good cause. Buy a pie all throughout the week so that, through the 11th to the 13th, you can send it to a friend who can either take it to the face or buy it and send it somewhere else. Sign up at sess.usask.ca or in the SESS office.

The SESS has some new faces after the elections (check our Facebook for the results). **If you want to run for an executive position that isn't filled, then be sure to get a By-Election Nomination form this week** in the SESS Office! These forms are due this Friday at 4:30.

If you want to represent engineering students to the USSU, be on the lookout for **nomination forms to MSC** (Member of Student Council) positions. These people go to a weekly USSU Council Meeting. These forms will go out in the next few weeks.

That's all I got for you. I hope you have a great week!

Cheers,
Dayne G.
