# THE ENG INFO

## IN THIS ISSUE

### Workin' from home, baby!

Despite it being a time of uncertainty, let's make the most of it! This is an opportunity to take time for ourselves, work in the comfort of our beds, and reconnect with hobbies and family!

## UPCOMING EVENTS

## PRESIDENT'S MESSAGE

Hello everyone!

Good news: the Eng-Info is back and in colour (that's only because we don't have to print it, but I know you will enjoy the pretty colours)! Not so good news: this whole ongoing pandemic.

If you read your emails, you know that classes are suspended till Thursday, when we will transition to online learning. This sucks for classes where online teaching isn't ideal, or lab classes that are in-person. Your individual professors will reach out to you to inform you of what is happening with THEIR class. If you have any questions or concerns with how a specific class is going to proceed, please CONTACT THE PROFESSOR FIRST. There is no need to talk to the department head before the professor. Many of you are concerned about how exams will be handled, and that is a good concern. Currently, University and College Leadership are working overtime trying to overcome these challenges while disrupting the classes as little as possible. At the end of all of this, every engineering student will owe a coffee to Dean Suzanne Kresta and her team of superheroes.

The SESS is mostly shut down right now; most of our services are heavily impeded by the suspension of classes and online teaching. All events are cancelled for the rest of the term.

The by-elections for the SESS were supposed to be happening. However, since we can't host a proper forum, and there is no one at school to campaign to, we have decided to cancel the by-election. The SESS Board of Directors will appoint people to the vacant positions of Student Affairs, Corporate Relations, and Events (those that have already applied are already considered). If you wish to be considered, please contact me at [president@sess.usask.ca](mailto:president@sess.usask.ca), and I'll tell you more about it. On that note, we will be sending out emails asking for commissioner applications. You'll hear more about that next week.

If you have any questions, please contact me at [president@sess.usask.ca](mailto:president@sess.usask.ca)

Stay healthy, everyone,  
Dayne Gawley

# WEEK AT A GLANCE

## Reminder:

- Take a break from watching or reading news stories/social media posts about COVID-19! It can be stressful hearing about it repeatedly.
- Moreover, the memes are pretty fire. Remember to laugh!
- Make some time to unwind and reconnect with the things you like to do! In these days leading up to classes, take time for your mental health.
- Call your family and friends. Stay social! We're all in this together!
- Check updates.usask.ca and your student email once and a while to see what the uni's up to.
