THE ENG INFO

IN THIS ISSUE

Welcome back!

I know it's been a short summer, but the fun doesn't stop now! We've got a wide variety of events and happenings going on in these next few weeks.

UPCOMING EVENTS

... and much more!

PRESIDENT'S MESSAGE

Welcome! My name is Dayne Gawley; I am the President of the Saskatoon Engineering Students' Society (SESS) for 2019-2020. If you are in your first year, then I welcome you to this great College of Engineering! If you are a returning student, then I wish you a pleasant time in this brick box we call home.

What you're reading currently is the Eng Info (AKA the 'Fo'). It goes out every Monday to keep everyone informed about what really matters to us: events, special news, when discipline societies are selling food, and some other things.

This year, you'll find some tidbits about our history in these editions. We are celebrating 100 YEARS OF SOCIETY. That's right, in 1919-1920, the Engineering Students' Society (ESS) was born, and all the culture and history in this building likely involved them in some way. Unfortunately, the ESS dissolved in 1984 and the SESS was born (for reasons that you'll hear about at Kool-Aid Night). Engineering has a rich history and culture here, and if you have any questions about it please send me a message at president@sess.usask.ca, or you can find me in the SESS Office.

During this first week, you'll find lots of interesting things to do, such as the beer gardens, the Welcome Mixer, the Welcome Back Student Fair, and some good ol' pranking in the student lounge!

In closing, remember that the SESS is here to support each and every one of you. If you are having any problems with anything, please reach out to us and we will do what we can to help you. We hope that you care about us, because we truly care about you.

Cheers,
Dayne G.

WEEK AT A GLANCE

MON
02

TUE
03

Orientation
Welcome, first years!

WED
04

Welcome Mixer
7:00pm
Eng Lawn (or Hardy Lab, 1A76, if the weather sucks)

September Events

11 SEP

First General Meeting
Come meet the team and see what our club is all about. Tour our workshop and planes from previous years. Learn about the competition and the various possible roles/tasks you can expect to partake in.

18 SEP

PLANE KIT BUILD
Come help build a functional radio controlled plane. Gain hands on experience and learn about the different components on a RC plane. Going to be a blast!

25 SEP

PLANE KIT BUILD CON.
Bring a friend!

28 SEP

BBQ & FLIGHT DAY * Event Time: 10am. Meet in Hardy Lab. *

Going to trek to the Saskatoon RC Airfield to fly the planes you guys built along with planes from years past. Bring an appetite for the complimentary BBQ. Hamburgers will be grilled right there at the field.

All events take place at 6:00pm in Hardy Lab Rm 1A54

CAREER'S DAY

Come out to the PAC on September 18th from 10am - 4pm to experience the USask Careers Day! Bring a resume and a firm handshake to mingle with industry reps, learn about the many different engineering employers in Canada, and get free swag (who doesn't love free swag).

100 YEARS FLASHBACK

1976: The Retro Bowl

To celebrate the engineering student society's centennial, a photo from the past will be showcased each week to celebrate our history and traditions in the College of Engineering. This week, we warm up with this image of the Bowl from back in 1976.

HFR Problem Paper
1 for \$5
2 for \$9
