## PRESIDENT'S MESSAGE

Hello!

Big shout out to Ganesh Sasidharan for hosting an amazing IEEE Beer Night; we crushed 2 kegs and y'all should be proud. I'm also hella excited for MESA Pig Roast this Friday, and I'd love to see everyone out and having a good time.

The SESS also has the Eng Vs. Agro Beer Olympics coming up on Monday, Oct. 7th. There will be a cash prize for the winning teams, and team fees will be cheap, so be sure to get a bunch of buddies together to make a team or two. Keep your ears open for more details.

The end of this week (starting October 5th) is start of the legendary Ag Bag Drag car chases (my favourite event). This is an annual event where the engineers steal the Ag Bag Drag car, we paint it red, and the agros try to steal it back all throughout October. This year has a twist, though! We now have our own vehicle to keep safe and red. It's a bit ugly, but that's what happens when you spray paint huge "E"s and "Agro's Suck" on a van. It gets driven around each night by different groups of friends, so you'll see it around. If you're interested in taking part, let me know and I'll add you to the group chat, and check out the rules posted in this issue!

Not much else is going on this week, except for midterms. Keep your ears open for other events going on, and your eyes peeled for that Ag Bag Drag car (if you steal it, you get the coveted "Eleanor" patch).

Prez Joke:

The fact that some people think pineapple doesn't belong on pizza.

Thinking about getting another engineering tattoo,

Dayne G.

## 100 YEARS FLASHBACK

### 2001: Pool Party!

This prank is pretty self-explanatory. If you think creating this masterpiece is impressive, imagine trying to clean it up!

### Sick of Ag Café coffee?

Tired of walking to Tim's? The U of S Canadian Geotechnical Society has the answer! Buy lattes, americanos, espresso, and coffee every Wednesday morning from 9-11AM outside the Lounge. We take cash, debit, credit, and Apple Pay! Quit sleeping through fluid mechanics!

Thank you to everyone who came out to watch and participate in College Splash last Tuesday! We got to showcase Tank Jr, our piece of the pie that is Ag Bag Drag, and rip around the Bowl a little bit before the water fight! We were (heavily) outnumbered, but we nevertheless fought valiantly. We'll get 'em next time.

### Feeling for some eng swag?

Poofie, armbar, and discipline jacket orders are now available at the E-Store! Order forms are beside the E-Store window, in the corner of the student lounge.

Forms are due November 1st. Check out the store on Facebook for pictures and more at @sessestore

**Are you interested in international development and making a positive change?**

If so, join Engineers Without Borders at our Member Learning session! It's taking place on **October 1st** from **6:00p to 7:00p** in **Eng 2B52**.

This Member Learning will be about what our Theory of Change is and how you can use it to turn the issues you're passionate about into positive change.

For any questions, please email [ewbusaskpresidents@gmail.com](mailto:ewbusaskpresidents@gmail.com). See you there!

## Why should you vote?

It's easy to think that your vote doesn't matter. But it's mentalities like this that has led us to the grim circumstances we face today, such as climate crisis, oceans warming, corporate corruption, and famine. When we don't vote, leaders don't listen. These wrongs to our people and our earth are accumulating, and we don't have much time left to start fixing things.

This upcoming election is a crucial opportunity to take part in making change. In the upcoming years, every decision our government makes is going to be pivotal. You have the responsibility to vouch for the right candidate, the right party, who will make the change you want to see.

We live in Canada. Our country gives us the opportunity to lead social, environmental, and political change that will lead to international developments and impacts.

It's not only our right to vote; it's our patriotic duty.

**YOUR VOTE MATTERS.**  
**Now, more than ever.**

## Rules for Ag Bag Drag

- Obey all traffic laws when chasing/evading (it's better to get captured than to get someone killed)
- If you're not having fun, you're not doing it right
- Both the Ag Bag Drag car and the Eng Van must be "Out and Available" each night (at the very least, parked somewhere it can be found and stolen)
- The keys to both vehicles must be left in/near the vehicle when not in use
- Both vehicles must remain unlocked when not in use
- The vehicles are not to be taken outside city limits
- If you capture a vehicle, give the previous drivers a ride home (don't be a dick).
- The Ag Bag Drag car MUST always have the details for the Ag Bag Drag party painted on, regardless of which college has the vehicle.
- DO NOT spray paint over windows, mirrors, lights, etc.
- NO DRINKING AND DRIVING

# VOTE!

**Don't just complain!**

**Here's how you can get started today:**

**Do your research.** Check out the site in this code to see brief overviews of each party's standings on important issues, side by side. Pulled from their platform websites and social media. Factual, simple, efficient.

**Campus voting stations will be set up in Place Riel from October 5th to October 9th, 10am–10pm. Vote while waiting for the bus!**

**Voting at a polling station only takes 3 minutes.**

- Takes less time than getting Tim Hortons at Geo.

**Bring ID. You have a few options for this:**

- Driver's License or other government ID with your photo, name, and *current* address.
- Two pieces of ID - both must have your name, at least one with your *current* address (ex. your student card and a utility bill).
- Your Student ID card is valid as a second piece of ID, but not as a proof of residence.
- If you struggle to find a proof of residence, you can register online through Elections Canada to get a voter information card with your current address.
