# THE ENG INFO

## IN THIS ISSUE

### Term One is almost done!

Finals. Dreadful finals. This is the last Eng Info issue until the new year, and so I wish you luck in these next few weeks and happiest of holidays thereafter! See you next year!

## PRESIDENT'S MESSAGE

Hello!

If you're still in Engineering, give yourself a pat on the back for making it this far. But don't start feeling too accomplished yet, because we still need to pass our finals (and then we get to do it ALL over again in Term 2).

If you are in First Year, be sure to get your Sno Golf Applications in before classes are over. You can apply by filling out a form (found in the SESS office) or by sending an email to [president@sess.usask.ca](mailto:president@sess.usask.ca) detailing your name and why you think you should be picked for the position. Once again, be sure to have this in before Friday.

Tonight is SPE's (Society of Petroleum Engineers') Energy Mixer, happening in Louis' Loft tonight. See inside for more details!

Otherwise, not much else going on this week, so be sure to study hard for your finals, and have fun on your break before term 2 begins. Since this is the last Prez Message until Term 2, I have included some tough sudokus for you to puzzle over until January (on the next few pages). Have fun!

Cheers,  
Dayne G.
