PRESIDENT'S MESSAGE

Welcome back everyone!

How are we already at the end of January! I feel like I just wrote my last final yesterday. I hope you all aren't drowning in assignments yet because I know I am. As we swing back into things stay tuned for some great events coming up (if COVID would allow us some fun).

For now, we are **hosting weekly paper sales** until we are back in-person (**advertised on our social media**) so you can stock up on all your paper, snacks, and most importantly Redbull. **Redbull is on sale 5 for \$8** so make sure you stop by.

The last thing we have for this week is to keep a watch on our Instagram because **CSE (Conference on Sustainability in Engineering) registrations will be opening soon.** It will be hosted online through Zoom Feb. 25-26th and hopefully will be our last online conference! The fee is \$20/delegate to ensure the conference is carbon neutral.

If you have been dreaming of being a proud poofie or discipline jacket owner, order forms will be coming out soon! They will be available on our Instagram bio and will be sent through email to all members.

That's all from me!

Have a great week,

Kasey B.
