FEBRUARY 12TH

2018

President's Message

Hello Everybody,

We've almost made it to reading week, just a few more days and maybe a couple of mid-terms until we can all take some time and relax, hopefully somewhere warm. If you're not travelling somewhere warmer then at least you can stay inside instead of venturing into the cold for those 8:30am lectures. Some things of note:

Student Activities Fund

Applications for the Student Activities Fund are open. All students in the College of Engineering are eligible to apply for this fund if they fall under one of the following categories

- Discipline-Specific Activities and Representation
- College-Wide Activities and Representation
- Club Funding and Representation
- Executive Representation
- Major Events

To find out more or to fill out an application form, visit sess.usask.ca/services/student-activities-fund or email Courtney at vp.finance@sess.usask.ca

Midterm Tutorials

GE125	Wednesday, February 14 th	18:00 – 21:00	PHYS107
MATH124 Midterm #2	Saturday, March 17 th	17:00 – 20:00	PHYS107

SESS Elections

The time of year has come again for SESS executive elections. Nominations open today and will be open until 4:30pm on the 2nd of March. Nominations are open for all executive positions. If you would like more information about any of the positions, their duties and responsibilities, or anything else about participating in the SESS executive for next year please do not hesitate to stop by the SESS office and ask a current executive member.

Robert Ashton
SESS President

CIM Saskatoon Student Chapter Executive Positions 2018-2019

The Canadian Institute of Mining, Metallurgy, and Petroleum Saskatoon Student Chapter (CIM SSC) would like to announce it is now accepting applications for **Executive Positions** for the 2018-19 academic year. The goal of the CIM SSC is to expose students to the mining industry, learn about current advancements in mining, and to interact with the mining community. We do this by hosting resume-building events, various speaker events, and mine tours where we get to learn from, and interact with industry professionals. This year, we invite students of all colleges and disciplines to apply by the end of February, with elections happening soon after. The successful candidates will work with our team to plan our final event of the year and learn about their roles hands-on.

*If you are on an internship/co-op placement or are otherwise unable to join in planning the year's final event, this will not restrict you from election to an executive position.

The positions available are:

- President
- Vice President
- Treasurer
- VP External Communication
- VP Internal Communication
- Social Media Director
- Various college/discipline liaisons

cim.saskatoon@outlook.com

If you are interested, please email your intent to cim.elections2018@gmail.com. Please state the position you are interested in (and any other positions you would also accept), your college/discipline, your year of study, and provide a brief paragraph on why you would be a good candidate.

If you would like more information on the roles please view our Facebook page, www.facebook.com/usask.cim.ssc, for a detailed description.

The Geological Engineering Student Chapter (GESS) along side the Canadian Institute of Mining Student Chapter (CIM) will be putting on a Steak Night this February 27th at the Twisted Tartan.

The event will also feature a Trivia Night, featuring prizes for the winners of each round!

Entrance into the trivia night comes complimentary with purchase of a steak dinner (\$15). Tickets are available at the door but indicating "going" on the facebook page will be a requirement @uofsGESS.

Each round will be a different topic and topics will not be announced until that evening. *Hint, the Canadian Institute of **Mining** Student Chapter might influence one of the topics...
